- Built-in goggle storage

Safe tanning
- 2 pairs of eye-protecting goggles
- Automatically shuts off after 60 minutes, for your safety

PHILIPS
sense and simplicity

Highlights

PowerTan half-body tanner

The PowerTan half-body tanner delivers a great performance with its 400 W HPA lamp. It gives you a beautifully tanned face and décolleté.

Built-in distance meter

Built-in distance meter to determine the distance between your body and the appliance. Helps you to use the tanning distance as advised in the user manual.

Cord winder

The cord can be wrapped around the spool, so that the appliance is easy to store.

Carrying handle for easy transport

Pick up your product easily with the carrying handle.

Lamp life of 750 hours

Philips Cleo high-pressure UV lamps have a minimum life of 750 hours. After 750 hours, the lamps should be replaced for optimal performance.

2 pairs of eye-protecting goggles

Two pairs of goggles are included, to protect your eyes from the UV light.

Auto Stop - 60 min

Automatically shuts off after 60 minutes, for your safety. This prevents you from tanning for too long (e.g., if you fall asleep while tanning).

XL half-body tanning field 60 x 40cm

The half-body tanning field (40 x 60 cm) perfectly tans your face and upper body. The half-body reach allows you to tan your face, shoulders and décolleté. You can also tan your legs and lower body in a separate session.

Built-in goggle storage

The built-in goggle storage allows you to keep your goggles with the appliance and prevents the goggles from getting lost.
